Profile

UI/UX Designer with over 12 years of experience in the telecommunications and e-commerce industry. Specialized in end-to-end redesigns, conversion optimization, and simplifying complex user decisions. Experienced in building scalable design systems and collaborating closely with product, marketing, and development teams.

Professional Experience

Mobilezone GmbH · Cologne — 12 years with the company, through multiple restructurings

UI/UX DESIGNER | 2018 – 2025

- Responsible for UX/UI redesigns of multiple e-commerce platforms (Sparhandy, Deinhandy, High-Mobile)
- Optimized tariff flows, product pages, and checkout processes
- Simplified complex decision-making through clear user flows and information architecture
- Created wireframes and interactive prototypes in Figma
- Conducted UX audits to identify usability and conversion barriers
- Developed and maintained design systems, UI patterns, and style guides
- Collaborated closely with product management, marketing, and development

Graphic Designer | 2016 – 2018

- Designed and executed marketing materials and campaign visuals for print and digital channels

Sales Associate (POS) | 2015 – 2016

- Advised customers on smartphones, contracts, and bundle offers with a focus on service and satisfaction

Apprenticeship - IT Management Assistant | 2012 – 2015

- Gained business and technical foundations in IT, project management, and customer consulting

Education

BBZ – GV 2010 – 2013

Grevenbroich

Paulusschule 2003 – 2009
